Suzuki, H. and **Taira, N.** An Analysis of Direct Cortical Response ... 1

Maruyama, M. Changes in Colloid Osmotic Pressure of the Bile in Cases with Biliary Diseases. I. Experimental Studies on the Gall-bladder Bile of Dogs. 11

Maruyama, M. Changes in Colloid Osmotic Pressure of the Bile in Cases with Biliary Diseases. II. Clinical Observations. 17

Arakawa, T., Oota, M. and **Sato, Y.** A Method for Approximate Estimation of Tuberculin-Polysaccharide in 24-hour Urine of Children with Tuberculosis. (Studies on Tuberculosis in Infancy and Childhood. 7th Report). 23

Yuyama, T. Electroencephalograms in Formation and Abolition of the Conditioned Avoidance Reflex in Dogs. 27

Motokawa, K., Komatsu, M., Watanabe, K. and **Saito, T.** Binocular Contrast and Physiological Induction. 39

Ishibashi, T. Studies on the Dynamics of the Cerebrospinal Fluid Using Radioactive Isotopes. Part I. The Formation and the Absorption of Cerebrospinal Fluid. 49

Ishibashi, T. Studies on the Dynamics of the Cerebrospinal Fluid Using Radioactive Isotopes. Part II. The Circulation of Cerebrospinal Fluid. 59

Ishibashi, T. Studies on the Dynamics of the Cerebrospinal Fluid Using Radioactive Isotopes. Part III. The Production of Cerebrospinal Fluid in Various Brain Diseases, Especially the Influence of Intravenous Injection of 50% Glucose Solution on the Production of Cerebrospinal Fluid. 67

Ishioka, T. Electromyographic Study of the Choledochoduodenal Junction and Duodenal Wall Muscle. 73

Suzuki, Y., Okada, K. et **Takahashi, H.** Réactions Surrénales pendant l'Anesthésie, l'Intervention et la Maladie Post-opératoire. 1er Rapport. Influence de l'intervention, de l'anesthésie générale par l'appareil en circuit fermé, de l'anesthésie potentialisée et de l'hypothermie sur des variations des leucocytes éosinophiles circulants au cours de la maladie post-opératoire. 85

Kobayashi, N. Studies on Antiviral Antibiotics from Streptomyces. XII. Further Studies on the Antiviral Antibiotic, Myxoviromycin. ... 95

Vol. 70, No. 2, July 25, 1959

S. Nakajima. Mode of Action of Datemycin on the Growth of Candida Albicans. I. Agglutination Reaction of Candida Albicans Observed in the Presence of Datemycin. 103

M. Tateyama. Studies on Cerebral Circulation and Metabolism in Hypertensive Diseases. I. The Influence of Aging on Cerebral Circulation and Metabolism 115

M. Tateyama. Studies on Cerebral Circulation and Metabolism in Hypertensive Diseases. II. Relation between the Cerebral Circulation and Metabolism and Clinical Findings in Essential Hypertension. 125

M. Tateyama. Studies on Cerebral Circulation and Metabolism in Hypertensive Diseases. III. The Effect of Prolonged Oral Administration of Hypotensive Agents upon the Cerebral Circulation and Metabolism in Patients with Essential Hypertension. 133

M. Tateyama. Studies on Cerebral Circulation and Metabolism in Hypertensive Diseases. IV. Cerebral Circulation and Metabolism in Hypertensive Postapoplectic Patients. 141

K. Motokawa. T. Oikawa. K. Tasaki and **T. Ogawa.** The Spatial Distribution of Electric Responses to Focal Illumination of the Carp's Retina. 151

H. Senoo. Studies on Parenteral Fluid Therapy in Neurosurgery. (First Report).... 165

H. Senoo. Studies on Parenteral Fluid Therapy in Neurosurgery. (Second Report). 175

R. Yamaguchi. Diagnosis of Female Genital Tuberculosis by Means of Hysterosalpingography. Especially on the Clinico-Pathological Figures and Progress of Such Disease. I. Observation of Consecutive 192 Cases of Genital Tuberculosis. 185

R. Yamaguchi. Diagnosis of Female Genital Tuberculosis by Means of Hysterosalpingography. Especially on the Clinico-Pathological Figures and Progress of Such Disease. II. Observations on 72 Cases Repeatedly Roentgenographed. 197

Ishikawa, Y., Sato, S., Kakizaki, S. and **Takita, J.** Studies on the Route and Time of Injection of Donor Cells for the Induction of Acquired Tolerance in the Skin Homotransplantation in Mice. 213

Yamashita, E. Some Analyses of Slow Potentials of Toad's Retina.... 221

Kuroyanagi, T. and **Kurisu, A.** Evidence for the Action of Incomplete Antibodies in Experimental Immunohemolytic Anemia. 235

Saito, T., Yagi, T., Sasaki, H., Otsuka, H., Hoshi, A. and **Uemura, J.** Urinary 17-KS, its Fractions and Urinary 17-OHCS in Diabetes Mellitus with Vascular Complications. 247

Yoshinaga, K. Evaluation of the Method of Weil-Malherbe and Bone for Determination of Catecholamines in Blood Plasma. 261

Iwama, K. and **Yamamoto, C.** Locus of the Action of Gamma Aminobutyric Acid in the Suppression of Muscular Movements in Cats.... 271

Yagi, S., Sakurai, K. and **Kusakari, H.** Cytochrome C and Nucleic Acids in Various Parts of the Dog Heart. 281

Yamaguchi, I. Clinical Studies on Liver Catalase Activity in Gastric Carcinoma Cases. I. Clinical Observations. 291

Vol. 70, No. 4, September 25, 1959

Yamaguchi, I. Clinical Studies on Liver Catalase Activity in Gastric Carcinoma Cases. II. Experimental Supplement. 305

Kajita, A., Nakamura, K., Taya, S. and **Teshima, T.** The Electronmicroscopic Observation on the Pulmonary Alveolar Phagocytes of the Mouse. 311

Inoue, M. Descending Spinal Pathway Subserving Adrenaline Secretion of the Adrenal Gland in the Toad. 319

Akazaki, K., Kojima, M., Miyakawa, K., Watanuki, T., Hayashi, T. and **Nakamura, K.** Experimental Studies on the Functional Condition of Reticuloendothelial System, Especially with Reference to the Various Manifestation Types of the Leprous and Tuberculous Foci. 325

Zinnouchi, S. Effect of Hexamethonium on the Adrenaline Secretion in Response to Acetylcholine of the Denervated Adrenal Gland. 335

Zinnouchi, S. Effect of Hexamethonium on the Adrenaline-Secretory Response of the Adrenal Gland to Carbaminoylcholine. 341

Yamaguchi, T., Kato, M. and **Hanata, M.** A Method for Measuring the Peripheral Blood Flow by Para-aminohippurate. 347
